

Additional questions on COVID-19:

1. Q. How are COVID-19 cases counted for the city of Pomona? Are the individuals sheltered at the Sheraton Hotel counted among Pomona's number of COVID-19 cases?
A. Los Angeles County counts each cities' COVID cases based on the residence of the infected person. The cases are not counted as the part of the city in which the infected person is convalescing or is hospitalized (unless it is their regular place of residence). Therefore, the individuals sheltered at the Hotel are not counted as Pomona's COVID numbers unless they actually do reside in Pomona.
