### **How are you doing this event at no cost?**

Fairplex continually looks for ways to give back to our local communities in the areas of Community Service and Lifelong Learning. By building strong relationships with local business and other non-profits, we find areas to build greater synergy where the needs are greatest for our local residents. With the funds that we generate from our year-round events (like the LA County Fair) we are able to provide no cost educational experiences for local youth. Also, a big THANK YOU to our sponsors, ASME and Cal Poly Pomona, who are helping provide funding.
