Located right behind our hotel, lies The Farm. It had meager beginnings as a small garden where the 10 major crops of California were grown.

In the mid-2000's, an outdoor kitchen was built to demonstrate farm cooking and canning for the annual L.A. County Fair. Today, the Farm is a thriving five-acre organic farm, where 130-150 specialty crops are grown annually. Many of the fruits, vegetables and herbs on our menu come directly from the Farm, providing a true farm-to-table experience for our guests.
